Subject: FW: Summary/Action Items from 10/12/2016 Tower Standard Senior Managers Conference Call

Kristen,

I would like to follow up with you regarding what the senior managers discussed on October 12th and what the next steps are. We would also like your feedback on the draft technical memo from Bristol that Bob sent to you. We are thinking that we should set up a call with Lac du Flambeau, and EPA (us in Region 5) as well as Tom Kady as soon as it can be arranged.

I will attempt to call you to this afternoon to see if this can be discussed and setup.

Subject: Summary/Action Items from 10/12/2016 Tower Standard Senior Managers Conference Call

Good Morning Larry, Judy, and John,

Thank you for taking time out of your busy schedules to participate in yesterday's conference call regarding the Tower Standard Site. The following is a summary of the action items from the call:

- 1) Update Tower Standard Timeline based on work that has transpired since our May 26, 2016 meeting in Woodruff, WI. (EPA will update with input from LDF and WDNR)

- 2) Create list of all available sampling data to date. (EPA will create with input from LDF and WDNR)
- 3) Determine Timeframe needed to review Bristol's Comprehensive Site investigation (Technical staff from EPA and LDF)
- 4) Share Bristol's Comprehensive Site investigation with WDNR and determine how much time is needed to evaluate remedial options (Technical staff from EPA, LDF, WDNR)
- 5) Schedule Meeting with Senior Managers to Present Remedial Options (EPA)

Please let me know if you have any corrections/additions to this by COB this Friday, October 14, 2016. Thank you.
